### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

Claims 1-12 are allowable over the prior art of record. The closest prior art of record Schiefer, teaches that various page size values can be used in a database system, however it fails to teach a writing a page size value larger than a page size value which will be allocated, these limitations being indicated in claims 1 and 9 as "writing to a shadow control block corresponding to each of said allocated shadow data sets, a page size value larger than a page size value to be allocated; said larger page size value corresponding to said at least one object".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
